The journey starts here. BMW Motorrad accessories.

Whether they ride an enduro, a sportsbike or a tourer, bikers all have one thing in common: they’re all individuals. Expressing their personality is important to them – and one way of doing that is through their motorcycles. BMW Motorrad accessories let you equip your machine so that it perfectly meets your requirements and reflects your tastes. The following pages will guide you through a comprehensive

range of solutions, specifically designed to complement both each other and the models they are fitted to. From practical options to enhance ergonomics, comfort or storage capacity to safety components and more extravagant statements such as sport silencers, everything here will help make your BMW into a motorcycle like no other.

You don't make compromises. And nor should your motorcycle.

If the best there is is only just good enough for you, then you'll feel right at home with High Performance Parts from BMW Motorrad. As the name suggests, these components were built to perform –

lovingly crafted, they are the perfect blend of style and substance for your BMW motorcycle. You will fall for them at first sight, and be swept off your feet as soon as you get them out on the road.

HP CARBON SEAT COVER

With its lacquer varnish finish, this carbon component from the High Performance Parts range gives your K 1300 R or K 1300 S a look that reflects its uncompromising sportsbike performance.

You choose the adventure. We make it happen.

Start a new chapter in your life. Where the road ends is where the adventure begins for you and your BMW enduro. This is a motorcycle that has proven itself over the world's most demanding

terrain – when the going gets tough, you can rely on it to get you where you're going. And your luggage can come too, in a tough aluminium pannier.

ALUMINIUM PANNIER AND INNER BAG

Riders with a taste for adventure need to be able to carry their lives around with them. The luggage system for the R 1200 GS Adventure and the F 800 GS provides a total of 114 litres of storage space in its two panniers and top box, with tough waterproof inner bags fitting snugly inside.

Personality is all about the little things. For people and motorcycles.

The city is your stage, and the streetlights are your spotlights. This is the perfect place to show off the power and agility of BMW Motorrad's Urban models. Built for pure riding pleasure,

they make the journey into an end in itself. And if you turn a few heads along the way – well, we'll let you decide whether that's because of you or because of your machine.

LED INDICATORS

Ahead of their time in both looks and performance, the LED indicators blend seamlessly into the design of the motorcycle, and consume less electricity while significantly extending bulb life.

Whatever tunes you're into, this will be music to your ears.

A BMW sportsbike truly is an experience to savour – for all the senses. Lightweight construction, breathtaking acceleration and jaw-dropping braking send the lap times tumbling, while special

accessories like the sport silencers make your machine almost as enjoyable to listen to as it is to ride.

SPORT SILENCER

This titanium silencer from Akrapović® for the K 1300 R and K 1300 S delivers an excellent sound, cuts overall weight by 1.5 kilograms, is homologated for road use and features a catalytic converter. For maximum performance on the racetrack, the sound insert can be removed.

BMW Motorrad High Performance Parts. Technology designed for sporting individualists.

If perfection is where you're aiming for, then you're on the right road here. BMW Motorrad High Performance Parts are designed without compromise in terms of functionality, build quality and materials. They range from carbon components such as the engine spoiler and seat cover to

the lightweight, high-strength forged wheels. Unrestricted by the constraints of mass production, BMW Motorrad High Performance Parts are built to exceed even the most demanding expectations, and have absolute individuality in their DNA.

HP carbon front mudguard

Available for:
K 1200 R / K 1300 R

- Reduces weight
- Replaces standard mudguard
- Emphasizes motorcycle's sporty looks

HP carbon front mudguard

Available for:
K 1200 S / K 1300 S / K 1200 R Sport

- Reduces weight
- Replaces standard mudguard
- Emphasizes motorcycle's sporty looks

HP carbon silencer cover

Available for:
R 1200 S

- Replaces standard cover
- Emphasizes motorcycle's sporty looks
- Not available in conjunction with sport silencer

HP FORGED WHEELS

Available for:
HP2 Megamoto / R 1200 R (Dec 2007 onwards) / R 1200 S / K 1200 R
K 1300 R / K 1200 S / K 1300 S / K 1200 R Sport

- Reduces weight
- May be fitted in conjunction with TPC
- Improves handling and ride comfort
- 3.5 x 17-inch at front, 6 x 17-inch at rear
(5.5 x 17-inch on HP2 Megamoto)

BENEFITS:

The high-precision manufacturing process guarantees that forged wheels offer improved handling, low weight and excellent rigidity, resulting in an enhanced riding experience.

HP carbon engine cover

Available for:
HP2 Megamoto / R 1200 S / R 1200 ST / R 1200 RT
R 1200 GS / R 1200 GS Adventure (Mar 2008
onwards)

- UV-resistant lacquer varnish enhances looks
- Significantly reduces weight
- Fits seamlessly into overall design

HP carbon air intake

Available for:
K 1200 R

- UV-resistant lacquer varnish
- Enhances looks of motorcycle

HP carbon seat cover

Available for:
K 1200 R / K 1300 R / 1200 S
K 1300 S / 1200 R Sport

- New UV-resistant lacquer varnish gives deeper lustre
- Enhanced impact resistance
- Attractive appearance

BENEFITS:

This dynamic engine spoiler is made of lightweight carbon. The mesh structure gives it a high-tech track-inspired look that's guaranteed to set pulses racing.

HP CARBON ENGINE SPOILER

HP carbon engine spoiler

Available for:
K 1200 R / K 1300 R / K 1200 R Sport

- UV-resistant lacquer varnish
- Replaces standard radiator trims
- Highly impact-resistant
- Fits seamlessly into overall design

HP carbon clutch cover

Available for:
K 1200 R / K 1300 R / K 1200 S
K 1300 S / K 1200 R Sport

- UV-resistant lacquer varnish
- Reduces weight
- Highly impact-resistant

HP carbon cylinder head cover

Available for:
HP2 Megamoto / R 1200 R / R 1200 S
R 1200 RT / R 1200 ST / R 1200 GS
R 1200 GS Adventure

- UV-resistant lacquer varnish
- Fits seamlessly into overall design
- Supplied with all necessary mounting parts

BENEFITS:

The perfect finishing touch: stylish, dynamic and extremely lightweight carbon construction.

HP CARBON SEAT COVER

HP carbon clutch lid cover

Available for:
K 1200 R / K 1300 R / K 1200 R Sport

- Stylish looks
- Weight approx. 60 grams
- Large surface area

HP carbon tank cover

Available for:
K 1200 S / K 1300 S

- UV-resistant lacquer varnish
- Replaces standard plastic tank cover
- Approx. 90 grams lighter than standard component
- Enhances looks of motorcycle

HP carbon heat protector for standard silencer

Available for:
K 1300 R / K 1300 S

- Trim for manifold/silencer join
- Replaces standard trim
- Approx. 80 grams lighter than standard component
- Stylish looks

BENEFITS:

Cut through the air like a knife. A laborious manufacturing process results in a carbon windshield that is the perfect combination of advanced technology and stylish design. Despite its light weight and excellent aerodynamic efficiency, it is nevertheless shatterproof and highly scratch-resistant.

HP CARBON WINDSHIELD

Available for:
K 1200 R / K 1300 R

- Replaces the standard clear plastic windshield
- Approx. 90 grams lighter than standard component
- Stylish looks

HP carbon cockpit interior panels

Available for:
K 1200 S

- UV-resistant lacquer varnish
- Reduce weight
- Enhance looks of motorcycle

HP carbon airbox cover

Available for:
K 1200 S / K 1300 S

- UV-resistant lacquer varnish
- Reduces weight
- Enhances looks of motorcycle
- Highly impact-resistant

Additional control for HP instrument cluster

Available for:
R 1200 S / K 1300 R / K 1300 S

- Mounted on the left-hand handlebar, and featuring two buttons (Menu/Set) to operate the HP instrument cluster

Lap timer

Available for:
R 1200 S / K 1300 R / K 1300 S

- Compatible with HP instrument cluster
- Automatically measures lap times, no manual inputs required
- Enhanced convenience and safety for the rider
- Transmitter and receiver available separately

HP milled gear lever

Available for:
HP2 Enduro / HP2 Megamoto

- Made of an aluminium alloy
- Infinitely adjustable
- Enhances both looks and functionality

BENEFITS:

Ride like the pros. With this retrofittable instrument cluster, your motorcycle is ready for the racetrack. The various settings and functions include the ability to save racing telemetry data, a choice of four display modes (Road, Race, Info and Setup), programmable gear shift prompts, a digital rev counter with rev-limiting function for cold starts, and much more besides.

HP INSTRUMENT CLUSTER

Available for:
R 1200 S / K 1200 R / K 1300 R
K 1200 S / K 1300 S

- A slightly modified version of a system used by numerous MotoGP teams
- An array of extra functions for precise lap timing etc.
- Waterproof

HP MILLED FOOTBRAKE LEVER

Available for:
HP2 Enduro / HP2 Megamoto

- Made of an aluminium alloy
- Infinitely adjustable
- Enhances both looks and functionality
- Pronounced knurling offers good grip and prevents foot slipping off

BENEFITS:

Made of an aluminium alloy, the milled footbrake lever combines stylish looks with excellent grip for the foot. And because it is infinitely adjustable, the rider can position it for maximum comfort.

Gear-shift assist with inverted shift direction

Available for:
HP2 Sport

- Faster upshifts
- For track use only (not homologated for road use)
- Operation of standard gear-shift assist is not affected

Gear-shift assist

Available for:
K 1300 R / K 1300 S

- Facilitates faster upshifts with no throttle lift-off or declutching
- Homologated for road use
- Does not need to be recorded in registration documents
- Compatible with HP foot pegs

HP FOOT PEGS

Available for:
K 1200 R / K 1300 R / K 1200 S
K 1300 S / K 1200 R Sport

- Adjustable between six positions
- Enhance looks and functionality of the motorcycle
- Milled as a single piece
- Shift directions can be inverted for racing use

BMW Motorrad storage accessories. Customized luggage solutions for your motorcycle.

If you plan to go far in life, you've got to be properly prepared. BMW Motorrad storage accessories offer the perfect luggage solution whatever the adventure, with sport panniers, tankbags, softbags and top boxes catering for every taste imaginable.

Waterproof, flexible and robust, all of our products are exceptionally well designed and made of the finest materials – in fact, the only thing about them that won't draw admiring glances is the patented invisible mounting system.

Panniers and inner bags

Inner bag for variable panniers and top box

Available for:
F 650 GS (2-cylinder) / F 800 GS / R 1200 GS

- Foam corner sections for improved impact protection
- Waterproof construction
- Detachable carry strap
- Two extra compartments

Variable panniers

Available for:
F 650 GS (1-cylinder) / F 650 GS Dakar

Inner bag for variable panniers

Available for:
F 650 GS (1-cylinder) / F 650 GS Dakar

VARIABLE PANNIERS

Available for:
F 650 GS (2-cylinder) / F 800 GS / R 1200 GS

- Capacity can be adjusted by moving a bar

F 650 GS (2-cylinder) / F 800 GS:
• Black pannier
• Capacity of 47 to 67 litres (29 litres left, 38 litres right)

R 1200 GS:
• Black/silver pannier
• Capacity of 50 to 68 litres (29 litres left, 39 litres right)

BENEFITS:

The variable panniers feature a patented adjustment mechanism that makes them the perfect travelling companion on long and short journeys alike, on or off-road. Their capacity can be adjusted simply by moving a bar inside. In the smaller configuration, the width is reduced by up to 120 millimetres, making them perfect for everyday riding.

Carry handle for aluminium pannier or top box

Available for:
F 800 GS / R 1200 GS Adventure

- Set includes carry handle and four straps
- Can also be used to secure additional luggage to top box or aluminium panniers

Functional inner bag for aluminium panniers

Available for:
F 800 GS / R 1200 GS Adventure

- Stowable carry handle and detachable shoulder strap
- 100% waterproof
- Can also be used on top of panniers

Aluminium panniers

Available for:
R 1150 GS Adventure

- 74-litre capacity (36 litres left, 38 litres right)
- Waterproof
- Lockable

BENEFITS:

These robust, all-new panniers with plain aluminium surfaces have a capacity of 44 litres on the right-hand side and 38 litres on the left. Waterproof and securely lockable, they can carry up to 10 kilograms of luggage, and feature stainless steel lashing eyelets, so that extra items can easily be attached to the outside. The top box offers an additional 32 litres (5 kilograms) of carrying capacity.

ALUMINIUM PANNIERS

Available for:
F 800 GS / R 1200 GS Adventure

- Reinforced edges
- Detachable lid
- Lower section can be used as seat

SPORT PANNIERS

Available for:
 F 800 R / F 800 S / F 800 ST / R 1200 S
 K 1200 R / K 1300 R / K 1200 S / K 1300 S
 K 1200 R Sport

- Waterproof
- Room to store a helmet
- Lockable

BENEFITS:

These versatile panniers are perfect for a range of scenarios, from urban riding through narrow streets, to weekends away in the country. Their capacity is also fully adjustable via ratchet straps.

Sport panniers: adjustability

- Capacity can be expanded from 17 to 25 litres
- Infinitely adjustable via ratchet straps
- Textile/steel webbing for enhanced anti-theft security

Pannier mountings

Available for:
 F 800 R / F 800 S / F 800 ST / R 1200 S / K 1200 R
 K 1300 R / K 1200 S / K 1300 S / K 1200 R Sport

- Hold the panniers securely in place
- Make it easy to attach and remove panniers
- Designed to be unnoticeable when panniers are removed

System panniers

SYSTEM PANNIERS

Available for:
R 1200 R / R 1200 ST

- Capacity of 32 litres per pannier
- Waterproof
- Helmet fits in both panniers
- Integrates stylishly into the bike's design

BENEFITS:

This waterproof pannier with aerodynamically sculpted handles fits perfectly into the lines of the motorcycle. It can hold up to 10 kilograms of luggage, and its 32-litre capacity is big enough to accommodate a helmet.

Impact protection system for system pannier

Available for:
R 1200 R / R 1200 RT / R 1200 ST
K 1200 GT / K 1300 GT

- Protects the lower area against scratches

System pannier protection

Available for:
R 1200 RT / K 1200 GT / K 1300 GT

- A self-adhesive transparent protective film
- Applied to top and front of pannier
- Protects against scratching

Inner bag for system pannier and top box

Available for:
R 1200 R / R 1200 RT / R 1200 ST / K 1200 GT
K 1300 GT

- Fold-away carry handle and detachable shoulder strap
- Exterior and interior pockets
- Stable base

Other panniers and bags

System panniers

Available for:
R 850 R / R 1100 R / R 1100 S / R 1100 RS
R 1100 GS / R 1150 R / R 1150 RS
R 1150 GS / R 1150 R Rockster / K 1200 RS
K 1200 GT (up to 2005)

Saddle bag in black

Available for:
R 850 C / R 1200 C / R 1200 C Montauk

- 20-litre capacity
- Real leather
- Canyon Brown and Blue for R 850 C and R 1200 C

Large saddle bag

Available for:
R 850 C / R 1200 C / R 1200 C Montauk

- 37-litre capacity
- Artificial leather
- Robust plastic back

Inner bag for panniers

Available for:
R 1200 CL

- Shoulder strap
- Additional exterior pocket
- Gold in colour

Softcase

Available for:
R 850 R / R 1150 R / R 1150 R Rockster
K 1200 RS / K 1200 GT

- Robust nylon construction, 22-litre capacity
- Water-resistant with built-in rain cover
- With fastener for easy attachment to luggage grid (can also be secured to pillion seat)

Inner bag for panniers

Available for:
K 1200 LT

- Made of smooth leather and nylon
- Small exterior pocket

Top boxes and bags

Backrest for top box

Available for:
R 1200 GS

- For increased pillion-passenger comfort and safety

Inner bag for variable panniers and top box

Available for:
F 650 GS (2-cylinder) / F 800 GS / R 1200 GS

- Waterproof construction
- Foam corner sections for improved impact protection
- Detachable carry strap
- Two extra compartments

VARIABLE TOP BOX

Available for:
F 650 GS (2-cylinder) / F 800 GS / R 1200 GS

- Capacity can be adjusted by moving a bar
- Mounted on luggage grid

F 650 GS (2-cylinder) / F 800 GS:
• Black top box
• Capacity of 25 to 35 litres

R 1200 GS:
• Black/silver top box
• Capacity of 37 to 46 litres

BENEFITS:

The capacity of the variable top box can be adjusted simply by moving the position of a bar. Mounting the box on the luggage grid is simplicity itself, and there is also the option of fitting it in place of the pillion seat, which concentrates the weight closer to the motorcycle's centre of gravity.

BENEFITS:

This plain aluminium case boasts a capacity of up to 32 litres, while an optional carry handle set made up of a handle and four straps (the handle is affixed via straps through the lashing eyelets) is ideal for attaching additional pieces of luggage. The box’s corners and edges are covered with black plastic, protecting against scratching and ensuring stability on any surface.

ALUMINIUM TOP BOX

Available for:
F 800 GS / R 1200 GS Adventure

- 100% waterproof

Aluminium top box

Available for:
R 1150 GS Adventure

- 30-litre capacity
- Waterproof

Functional inner bag for aluminium top box

Available for:
F 800 GS / R 1200 GS Adventure

- 100% waterproof
- Robust material

Backrest pad for aluminium top box

Available for:
F 800 GS / R 1200 GS Adventure

- Provides increased protection when accelerating
- Increases pillion-passenger comfort

Other top boxes

Top box

Available for:
F 650 CS / F 650 GS (1-cylinder)
F 650 GS Dakar / G 650 Xcountry

- 31-litre capacity
- Central locking with motorcycle possible
- Space for one helmet

Top box

Available for:
R 1100 RS / R 1100 RT / R 1150 RS / R 1150 RT

- 33-litre capacity
- Multifunction handle
- Lid closure prevention – stops the lid closing accidentally

Top box

Available for:
R 1100 GS / R 1150 GS

- 35-litre capacity
- Lid can be painted
- Designed to enable one-handed mounting

Large top box

Available for:
R 1200 RT / K 1200 GT / K 1300 GT

- 49-litre capacity, space for two helmets
- With built-in backrest pad
- In White Aluminium or Sapphire Black
- Scuff guard for luggage grid also available

Small top box

Available for:
F 800 R / F 800 S / F 800 ST / R 1200 R / R 1200 RT
R 1200 ST / K 1200 GT / K 1300 GT

- 28-litre capacity, space for one helmet
- Waterproof
- Scuff guard for luggage grid also available

Inner bag for top box

Available for:
R 1200 CL

Inner bag for top box

Available for:
F 650 CS / F 650 GS (1-cylinder)
F 650 GS Dakar / G 650 Xcountry

- Waterproof
- Robust high-quality construction

Inner bag for top box

Available for:
R 1100 RS / R 1100 RT / R 1150 RS / R 1150 RT

- 33-litre capacity
- Made of hard-wearing nylon
- Exterior pocket with zip

Inner bag for top box

Available for:
R 1100 GS / R 1150 GS

- 35-litre capacity

Inner bag for large top box

Available for:
R 1200 RT / K 1200 GT / K 1300 GT

- Exterior pocket and compartments for small items
- Carry handle and detachable shoulder strap
- Stable base

Inner bag for small top box

Available for:
F 800 R / F 800 S / F 800 ST / R 1200 R / R 1200 RT
R 1200 ST / K 1200 GT / K 1300 GT

- Pockets for small items
- Detachable shoulder strap

Carpet insert for top box

Available for:
R 1100 GS / R 1150 GS

- For 35-litre top box

Small sport softbag

Available for:
F 650 GS (2-cylinder) / F 800 GS / F 800 R / F 800 S
F 800 ST / R 1200 R / R 1200 S / R 1200 GS
R 1200 GS Adventure / K 1200 R / K 1200 S
K 1200 R Sport / K 1200 GT
K 1300 R / K 1300 S / K 1300 GT

- Waterproof main compartment, max. capacity 36 litres
- Two pockets, carry handle, fastening straps

Large sport softbag

Available for:
F 650 GS (2-cylinder) / F 800 GS / F 800 R / F 800 S
F 800 ST / R 1200 R / R 1200 S / R 1200 GS
R 1200 GS Adventure / K 1200 R / K 1200 S
K 1200 R Sport / K 1200 GT
K 1300 R / K 1300 S / K 1300 GT

- Waterproof main compartment, approx. 55-litre capacity
- Shoulder strap, handles, pockets

Softbag for pillion seat

Available for:
F 650 GS (1-cylinder) / F 650 GS Dakar

- 35-litre capacity
- Waterproof
- Attaches to softbag for luggage grid via zip
- Can be worn as a rucksack

Softbag for luggage grid

Available for:
F 650 GS (1-cylinder) / F 650 GS Dakar
(2004 onwards)

- Waterproof, capacity adjustable from 16 to 27 litres
- Recessed carry handle and shoulder straps
- Compatible with softbag for pillion seat
- Can be worn as a rucksack

Rucksack for pillion seat

Available for:
R 1100 S

- For pillion seat cover and similar
- Can be stowed under pillion seat cover
- Waterproof inner bag

Luggage roll 2

Available for:
All models

- 60 x 32 cm, approx. 50-litre capacity
- Removable rigid base tray
- Includes strap for attachment to motorcycle
- Adjustable carry handles

Enduro rear bag

Available for:
F 650 GS (2-cylinder) / F 800 GS / G 450 X

- Ideal for carrying small items and tools
- Approx. 2.5-litre capacity
- Velcro strips inside
- Screws onto mounting rail

Rear bag

Available for:
G 650 Xmoto / G 650 Xcountry / G 650 Xchallenge

- 5-litre capacity
- Splashproof
- Screws firmly onto luggage grid
- Velcro strips for attaching additional objects

Rear bag

Available for:
HP2 Enduro / HP2 Megamoto

- Splashproof
- Variable capacity
- Robust construction
- Pocket with zip for small items

Chrome trim retrofit kit

Available for:
K 1200 LT

- For LT models built before April 2004

Tankbags and other bags

Tankbag

Available for:
R 1200 GS (up to Aug 2007) / R 1200 GS Adventure

- 22-litre capacity
- Waterproof
- A4-sized waterproof map pocket
- Exterior pocket can be removed and used as a hip bag
- Carry handle
- Black/silver

Tankbag

Available for:
F 650 GS (2-cylinder) / F 800 GS

- Approx. 14-litre capacity
- Waterproof main compartment
- A4-sized map pocket
- Two splashproof exterior compartments
- Hand carry strap

Tankbag

Available for:
K 1200 S / K 1300 S

- Capacity expandable from 12 to 16 litres
- Waterproof
- A4-sized map pocket with patented cradle for mobile phones etc.
- Cannot be used in conjunction with BMW Motorrad navigation devices

BENEFITS:

The perfect addition to any tankbag

The variable insert is a handy piece of kit that lets you divide the interior of your tankbag into compartments. It ensures that all your things stay exactly where you want them, no matter how twisty the road.

TANKBAG

Available for:
K 1200 GT / K 1300 GT

- Waterproof
- Carry handle
- Extra pocket in cover

VARIABLE INSERT

Available for:
Selected tankbags

- Adjustable outer rim, with velcro fastener to set width
- Adjustable interior dividers
- Adjustable cover

Tankbag

Available for:
K 1200 R / K 1300 R / K 1200 R Sport

- Capacity expandable from 12 to 16 litres
- Waterproof
- A4-sized map pocket
- Cannot be used in conjunction with BMW Motorrad navigation devices

Tankbag

Available for:
R 1200 ST

- Capacity expandable from 13 to 20 litres
- A4-sized waterproof map pocket
- Cannot be used in conjunction with BMW Motorrad navigation devices

Tankbag

Available for:
HP2 Enduro / HP2 Megamoto

- Capacity expandable from 11 to 16 litres
- Waterproof A4-sized map pocket with Ortlieb roll-closing mechanism
- Made from a dirt-repellent combination of tarpaulin and nylon

Tankbag

Available for:
R 1100 S

- Capacity expandable from 7.5 to 13 litres
- Aerodynamic design
- Reversible map pocket
- Includes rain cover

Tankbag

Available for:
R 1100 RS / R 1150 RS

- Capacity expandable from 11 to 28 litres
- Three-section design, centre section removable
- Includes rain cover
- Quick fastening system

Tankbag

Available for:
R 1200 S

- Capacity expandable from 23 to 32 litres
- Waterproof
- Waterproof A4-sized map pocket

Tankbag

Available for:
R 1200 R

- Capacity expandable from 16 to 24 litres
- Waterproof main compartment
- Waterproof A4-sized map pocket
- Black/silver

Tankbag with base plate

Available for:
R 1200 RT

- Capacity expandable from 13 to 19 litres
- Waterproof
- Waterproof A4-sized map pocket with Ortlieb roll-closing mechanism
- Easy click-on technology allows rapid mounting and removal

Tankbag

Available for:
G 650 Xcountry

- Waterproof
- Waterproof A4-sized map pocket
- High-quality finish and robust design
- Detachable shoulder strap

Tankbag

Available for:
R 1200 GS (up to Aug 2007) / R 1200 GS Adventure

- 22-litre capacity
- Waterproof
- Waterproof A4-sized map pocket
- Carry handle, detachable exterior pocket can be used as hip bag
- Black/silver

Tankbag

Available for:
F 800 R / F 800 S / F 800 ST

- Capacity expandable from 14 to 26 litres
- Waterproof
- Waterproof A4-sized map pocket with Ortlieb roll-closing mechanism
- Cannot be used where BMW Navigator is fitted

Tankbag

Available for:
F 650 GS (1-cylinder) / F 650 GS Dakar

- Capacity can be expanded to 13 litres via zip
- Includes rain cover

Tankbag

Available for:
R 1100 GS / R 1150 GS / R 1150 GS Adventure

- Variable capacity
- Holds up to 27 litres
- Detachable pockets

Small tankbag

Available for:
R 1200 GS (2008 onwards)

- Approx. 5-litre capacity
- Waterproof
- A4-sized map pocket with patented cradle for mobile phones etc.
- Cannot be used where handlebar cross-brace is fitted

Large tankbag

Available for:
R 1200 GS (2008 onwards)

- Capacity expandable from 12 to 17 litres
- Waterproof
- A4-sized map pocket with patented cradle for mobile phones etc.
- Detachable hip bag
- Cannot be used where handlebar cross-brace is fitted

Tankbag

Available for:
F 800 R / F 800 S / F 800 ST / R 1200 ST
K 1200 R / K 1300 R / K 1200 S / K 1300 S
K 1200 R Sport

- 12-litre capacity, waterproof main compartment
- Can be used in conjunction with BMW Navigator
- Ergonomically designed for sports-style riding

Tankbag

Available for:
R 1150 RT

- Capacity expandable from 11 to 28 litres, with horizontal dividers
- Quick fastening system (bag can be folded out of the way for the refuelling)
- Large-format double-sided map pocket
- Adjustable carry handles and rain cover

Tankbag

Available for:
R 850 R / R 1150 R / R 1150 R Rockster

- Capacity expandable from 12 to 16 litres
- Large map pocket
- Additional pocket on back
- Black/silver

BENEFITS:

With a capacity that can be adjusted between 12 and 17 litres, this spacious yet compact tankbag allows you to carry everything you need around with you. The built-in map pocket features a patented cradle to hold a mobile phone, MP3 player or similar device. The perfect bag for long and short trips alike.

LARGE TANKBAG

TANKBAG

BENEFITS:

This compact tankbag is perfect for riders who want to get from A to B as fast as possible – and take their luggage with them. It boasts a 12-litre waterproof main section, with a special compartment for the BMW navigation system. Maximum functionality in minimum space.

BENEFITS:

Made of hard-wearing nylon, the Function Navigator bag features a large main compartment and adjustable smaller compartments. It keeps the BMW Motorrad Navigator safe when it is being stored or carried.

FUNCTION NAVIGATOR BAG

Available for:
All models

HIP BAG 2

Available for:
All models

- Approx. 5-litre capacity
- External net pockets and one zipped pocket
- Includes brightly coloured rain cover
- Includes detachable shoulder strap

BENEFITS:

Clip it on, and away you go. The hip bag 2 is the perfect solution for carrying tools and other small items. Fully waterproof, it offers a generous 5 litres of capacity without impeding freedom of movement.

Tankbag with map pocket

Available for:
K 1200 LT

- 3-litre capacity
- Rain cover
- Attaches via velcro strips

Tankbag

Available for:
HP2 Sport

- Approx. 1.5-litre capacity
- A4-sized map pocket
- Splashproof
- Patented cradle for a mobile phone, PDA or small navigation device

Race pocket

Available for:
G 450 X

- Size: 12 x 10 x 3 cm
- Water-resistant
- For time cards or other small items
- Easy to install

Giant bag

Available for:
All models

- 112-litre capacity
- L x H x W: 90 x 40 x 40 cm
- Adjustable inner compartments
- Six carry handles, wheels and telescopic handle
- Coated nylon

Messenger bag

Available for:
All models

- A practical bag worn over the shoulder
- Approx. 10-litre capacity
- Detachable hip belt
- Built-in laptop compartment

Function 2 rucksack

Available for:
All models

- Approx. 30-litre capacity
- Sturdy frame
- Water-resistant
- Can be compressed for storage
- Helmet compartment in top flap

Rack systems and luggage grids

Pannier mountings

Available for:
R 1200 R

- Fit seamlessly into overall design
- Barely visible when no panniers are attached
- Cannot be fitted in conjunction with top box

Pannier mountings

Available for:
F 800 S / F 800 ST

- For easy attachment and removal of panniers
- Discreetly styled

Pannier mountings

Available for:
F 650 GS (2-cylinder) / F 800 GS

BENEFITS:

A combination of luggage grid and pannier mountings. The top box attaches securely to the luggage grid, without any additional parts, while the optional scuff guard protects the luggage grid from scratching.

LARGE PANNIER MOUNTINGS INCLUDING LUGGAGE GRID

Available for:
R 1200 R

BENEFITS:

The pannier mountings are designed to blend in with the motorcycle's design, and are barely visible when no panniers are attached. Despite this, they hold the variable panniers securely and firmly in place.

PANNIER MOUNTINGS IN SILVER

Pannier mountings for aluminium panniers

Available for:
F 800 GS / R 1200 GS Adventure

- Made of electropolished stainless steel

Rack system for aluminium panniers

Available for:
R 1150 GS / R 1150 GS Adventure

- Robust tubular steel frame
- Requires modified pillion foot pegs
- Folds away

Pannier mountings in silver

Available for:
R 1200 GS

- High-quality silver paint finish
- Fit seamlessly into overall design

Pannier mountings

Available for:
R 850 R / R 1150 R

- Made of shatterproof plastic
- Fit seamlessly into overall design

Pannier mountings

Available for:
R 1100 S

- Made of shatterproof plastic

PANNIER MOUNTINGS

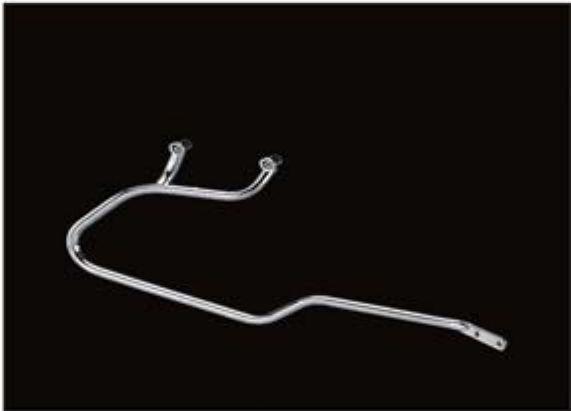

Pannier mountings

Available for:
F 650 GS (1-cylinder) / F 650 GS Dakar

- For attaching variable panniers
- Fit seamlessly into overall design

Rack systems and luggage grids

Saddle bag mounting

Available for:
R 850 C / R 1200 C / R 1200 C Montauk

- Made of stylish chrome-plated steel

Top box mounting

Available for:
F 800 GS / R 1200 GS Adventure

- Base for luggage grid and top box

Top box mounting

Available for:
R 1150 GS

- Base for 30-litre aluminium top box

Luggage grid

Available for:
R 850 R / R 1150 R / R 1150 R Rockster

Small luggage grid

Available for:
F 650 GS (2-cylinder) / F 800 GS

- Hard-wearing surface for carrying luggage, with aluminium plate

Large luggage grid

Available for:
F 650 GS (2-cylinder) / F 800 GS

- Variable top box can be attached directly to grid
- Adaptor plate

Top box mounting

Available for:
G 650 Xcountry

Mounting rail for enduro rear bag

Available for:
G 450 X

Luggage grid

Available for:
K 1300 R / K 1300 S

Large luggage grid

Available for:
R 850 R / R 1150 R / R 1150 R Rockster
K 1200 RS

Luggage grid

Available for:
F 800 S

Luggage grid

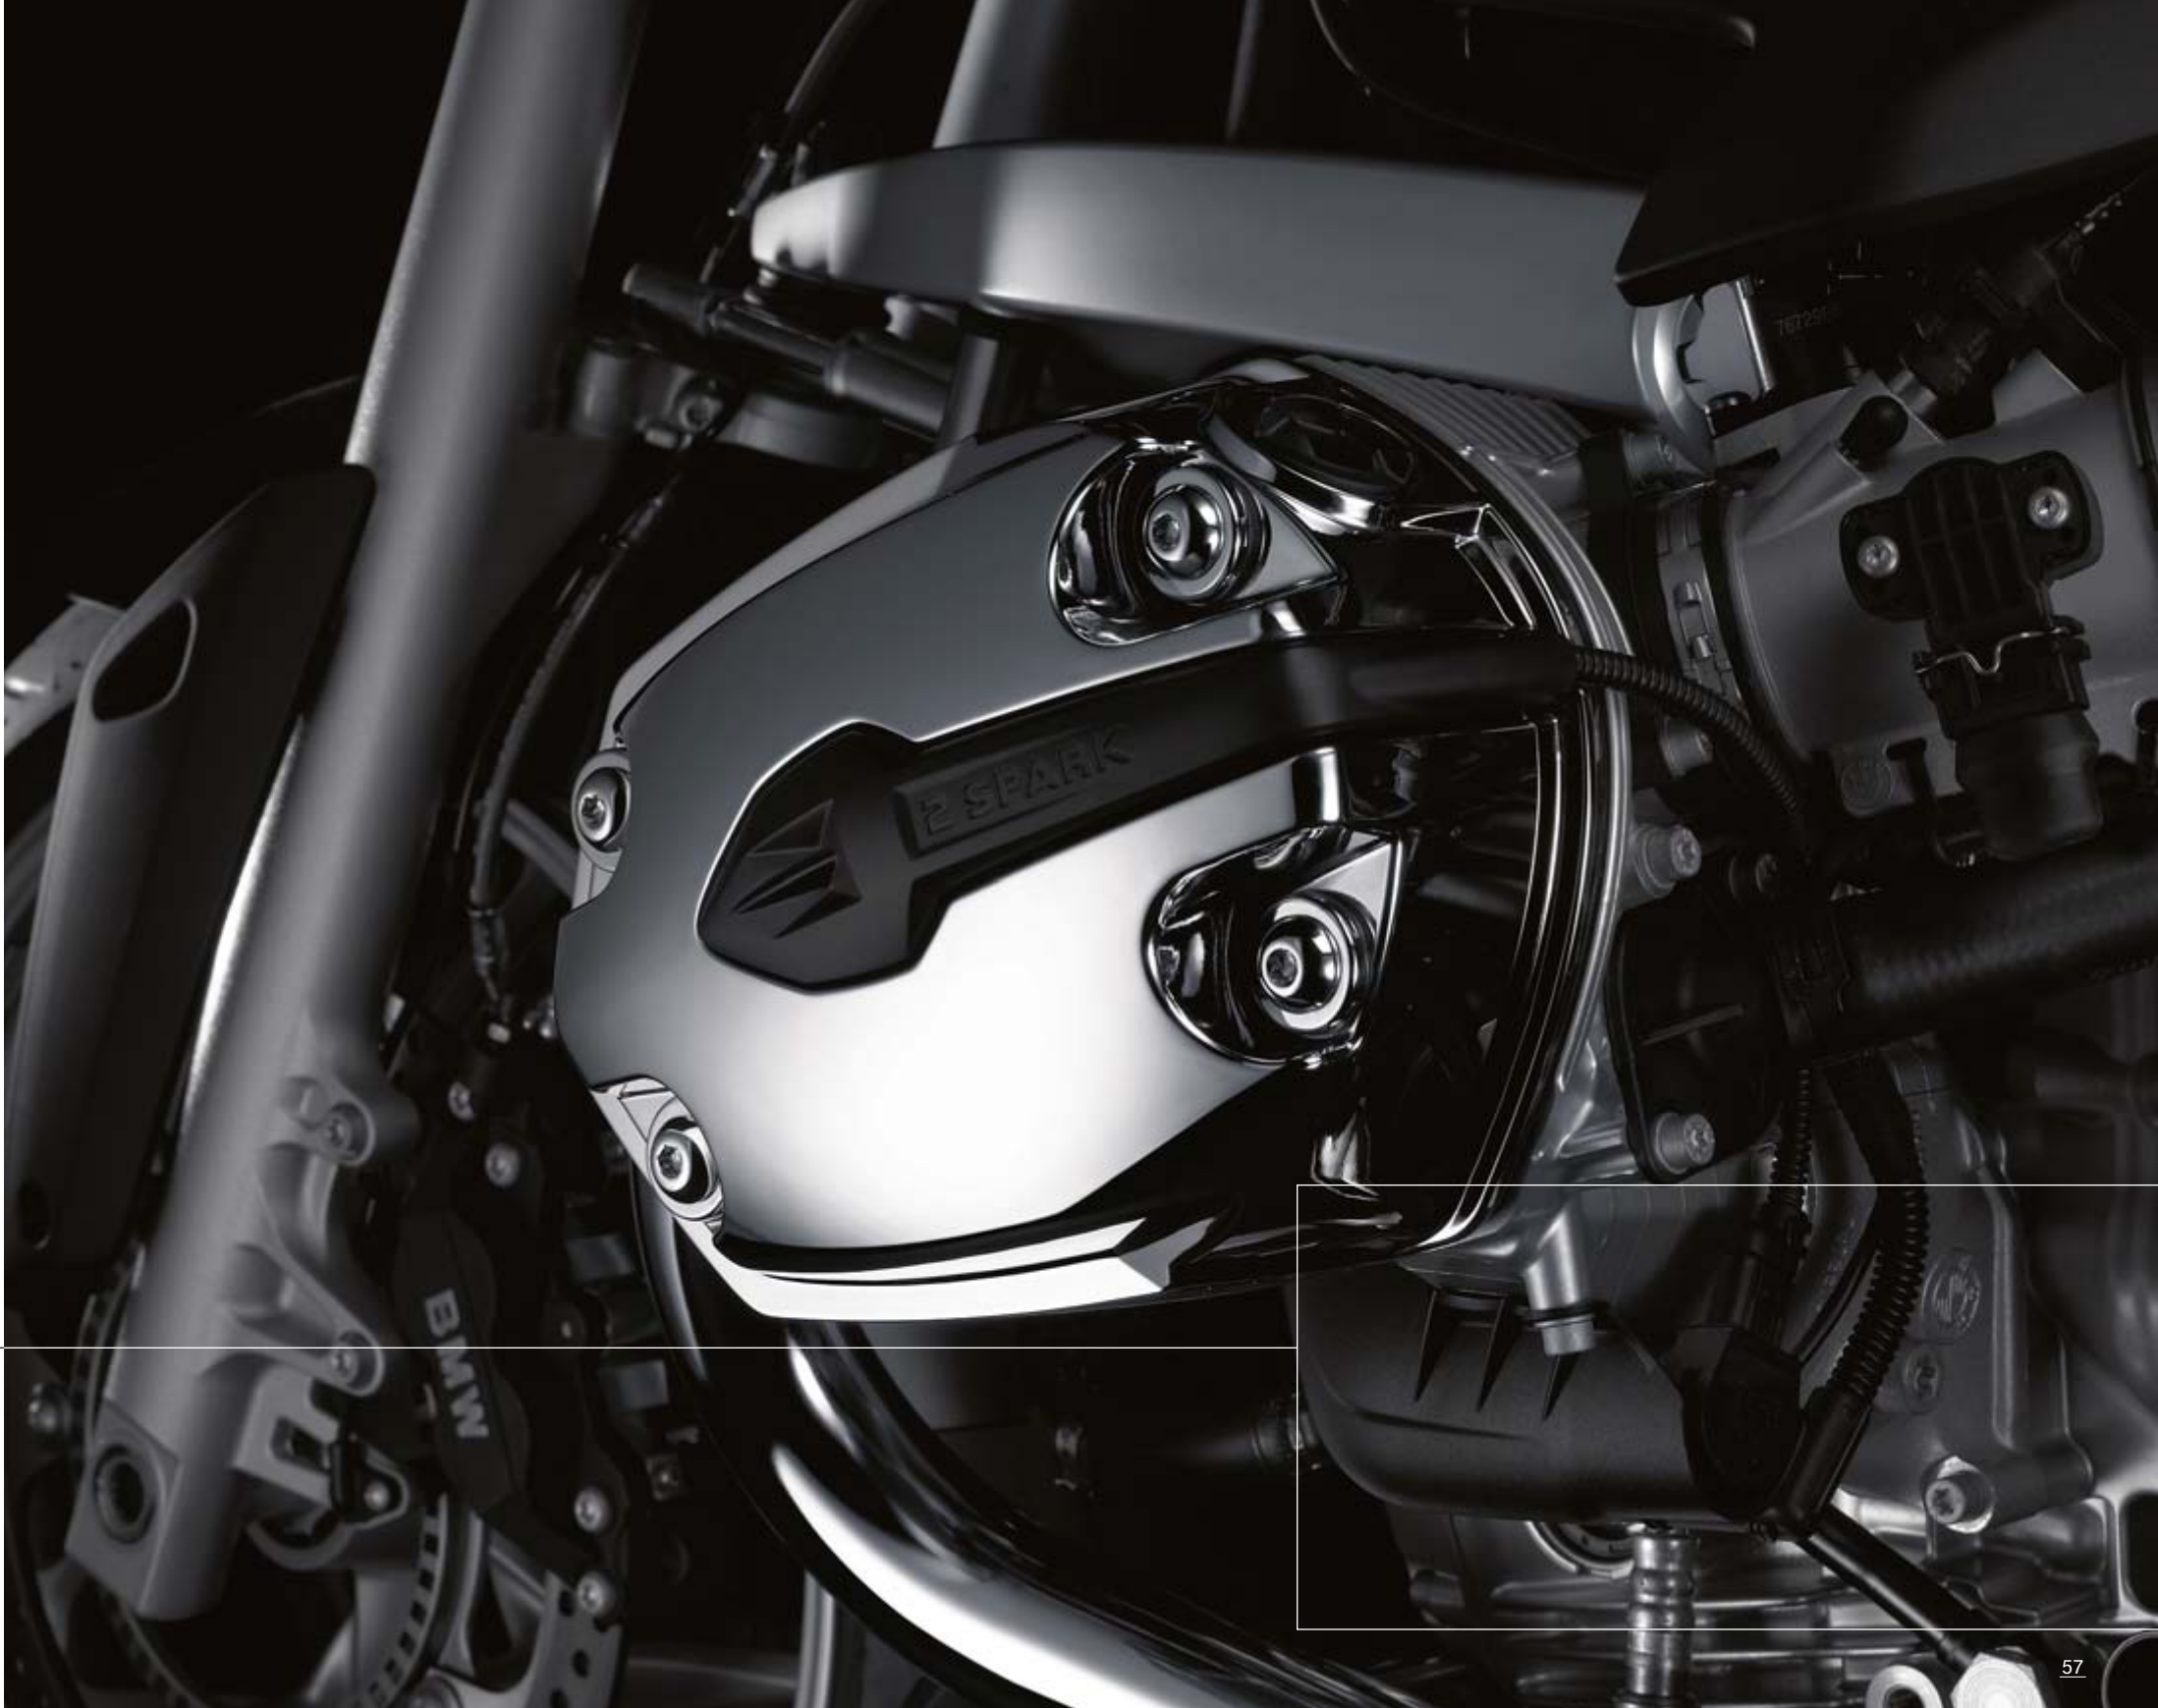

Available for:
G 650 Xmoto / G 650 Xcountry / G 650 Xchallenge

- Base for rear bag
- Tubular steel frame with aluminium plate

BMW Motorrad design accessories.
Form enriches function.

Beauty is in the eye of the beholder. But every BMW Motorrad design accessory is a sight to behold. Wheels and wheel caps, carbon trims, LED

lights or chrome details – everything fits perfectly and is specially designed to make your BMW Motorrad motorcycle even more beautiful and unique.

Trims and covers

Carbon spark plug cover

Available for:
R 1100 S

Carbon exhaust manifold cover

Available for:
R 1100 S

Carbon rear brake cylinder cover

Available for:
R 1100 S

Cover plate

Available for:
R 850 R / R 1150 R
R 1150 R Rockster

- For solo riders
- Plastic trim
- Replaces pillion seat
- White Aluminium

Pillion seat cover

Available for:
F 800 R / F 800 S / F 800 ST

- Sporty single-seater look
- Primed, Sunset Yellow, Flame Red or Lahar Grey
- Only the primed version is available for the F 800 R and the F 800 ST

Seat hump cover

Available for:
R 1200 S

- Replaces pillion seat
- Dynamic looks
- Primed, Light Yellow Metallic, White Aluminium Metallic, Night Black or Titanium Silver

BENEFITS:

Carbon is the ultimate lightweight material, and it gives the engine spoiler a particularly dynamic look. What's more it can be fitted to the R 1100 S in a matter of moments, with just two screws.

BENEFITS:

A dynamic finishing touch for the R 1100 S. A suitably sporty substitute for the pillion seat, it converts the bike to a classic single-seater and improves its aerodynamics. Made of high-strength, ultra-light carbon.

CARBON ENGINE SPOILER

Available for:
R 1100 S

- Improved aerodynamics
- Sporty looks

CARBON PILLION SEAT COVER

Available for:
R 1100 S

Carbon upper fairing

Available for:
R 1100 S

Carbon top yoke cover

Available for:
R 1100 S

Carbon gear lever trim

Available for:
R 1100 S

Carbon rear mudguard

Available for:
R 1200 GS / R 1200 GS Adventure

- Highly robust due to carbon and carbon/ Kevlar weave construction
- UV-resistant lacquer varnish
- Weighs just 250 grams (approx.)

Rear mudguard

Available for:
K 1300 R / K 1300 S

Extended mudguard

Available for:
F 650 GS (2-cylinder) / F 800 GS

- Made of hard-wearing plastic
- Protects rider and following vehicles against spray

Carbon oil cooler trim

Available for:
R 850 R / R 1150 R
R 1150 R Rockster

Carbon spring cover

Available for:
R 1100 S

Carbon tank cover

Available for:
R 1100 S

Carbon front mudguard

Available for:
R 1200 GS / R 1200 GS Adventure

- 50% lighter than standard mudguard
- A stylish accessory in clear lacquered carbon

Top yoke cover caps

Available for:
R 1200 R / R 1200 GS / R 1200 GS Adventure

- Turned aluminium caps with a milled surface
- Replace standard top yoke caps
- Enhance looks of motorcycle

Telelever cover caps

Available for:
R 1200 R / R 1200 GS / R 1200 GS Adventure

- Turned aluminium caps with a milled surface
- Replace standard Telelever caps
- Enhance looks of motorcycle

Trims and covers

Carbon alternator cover

Available for:
R 850 R / R 850 C / R 1100 R / R 1100 S
R 1100 RS / R 1100 RT / R 1100 GS / R 1150 R
R 1150 RS / R 1150 RT / R 1150 GS
R 1150 GS Adventure / R 1150 R Rockster
R 1200 C

Wind deflector

Available for:
F 650 GS (2-cylinder) / F 800 GS

Plastic radiator trim

Available for:
F 800 R

- Made of black plastic
- A surround for the radiator that coordinates with the intake manifold cladding
- Gives the bike a sporty finishing touch

Design parts

LED rear light

Available for:
F 800 R / F 800 S / F 800 ST
R 1200 GS / R 1200 GS Adventure

- Reduced electricity consumption
- White glass

LED indicators

Available for:
F 650 GS (2-cylinder) / F 800 R / F 800 GS / F 800 S
F 800 ST / R 1200 R / R 1200 GS / R 1200 GS
Adventure / K 1200 R / K 1300 R / K 1200 R Sport

- Significantly longer bulb life
- Reduced electricity consumption
- White glass with two LEDs in each indicator

White indicators

Available for:
F 800 R / F 800 S / F 800 ST / R 1200 R
K 1200 R / K 1300 R / R 1200 GS
R 1200 ST / R 1200 S

BENEFITS:

Made of pressed aluminium, this is a more eye-catching alternative to the plastic radiator trim, and at 600 grams, it's lighter too. It complements the contemporary styling of the F 800 R to perfection.

ALUMINIUM RADIATOR TRIM

Available for:
F 800 R

- Made of pressed anodized aluminium
- Complements the looks of the F 800 R
- One trim for each side of the radiator

BENEFITS:

This high-quality milled aluminium component gives the motorcycle a stylish and highly distinctive look. The size of the gap between the handlebar and the lever can be adjusted using a four-position screw mechanism.

MILLED HAND LEVER

Available for:
HP2 Megamoto / R 1200 GS
R 1200 GS Adventure

- High-quality CNC-milled aluminium brake or clutch lever
- Four-position adjustment allows riders to choose size of gap between lever and handlebar
- Personalizes the motorcycle and enhances looks

5-spoke rear wheel

Available for:
R 1100 S

- For 180-millimetre tyres
- 5.5 x 17-inch for 180/55 ZR 17 tyres

Chrome wing mirror

Available for:
R 850 C / R 1200 R / R 1200 C / R 1200 C Montauk

Chrome fuel filler cap

Available for:
R 850 C / R 1200 C / R 1200 C Montauk

Chrome foot pegs for pillion passenger

Available for:
K 1200 LT

Chrome radiator grilles

Available for:
R 850 C / R 1200 C

Chrome exhaust pipe finishers

Available for:
R 850 C / R 1200 C

Chrome top yoke

Available for:
R 1200 CL / R 1200 C Montauk

Chrome filler cap for brake/clutch reservoir

Available for:
R 850 R / R 850 C / R 1150 R / R 1150 RT
R 1150 GS / R 1150 GS Adventure
R 1200 C / R 1200 CL / R 1200 C Montauk
K 1200 RS / K 1200 GT (up to Jul 2005)
K 1200 LT

- Also available in matt chrome

Chrome clutch/handbrake lever

Available for:
R 1150 R / R 1150 RT / K 1200 LT

- Also available in matt chrome

Chrome cylinder head cover

Available for:
R 850 R / R 1100 R / R 1100 RS / R 1100 RT
R 1100 GS / R 1150 R / R 1150 RS / R 1150 RT
R 1150 GS

- Chrome screws for cylinder head cover available separately

Chrome cylinder head cover

Available for:
R 1200 R / R 1200 S / R 1200 RT / R 1200 ST
R 1200 GS / R 1200 GS Adventure

- Enhances looks of motorcycle
- Adds a distinctive personal touch

Chrome gauge mounting trim

Available for:
R 850 C / R 1200 C

BMW sound components. Ensure your motorcycle hits all the right notes.

Hear and be heard: in the open air, on the open road, the sound of your motorcycle is enough to remind you why you fell in love with biking in the first place. BMW sound components ensure a feast for the ears: sport silencers turn pistons and cylinders

into a veritable symphony orchestra, and should you prefer the real thing, there's always BMW audio systems. Whichever option you choose, you'll make a statement about your individuality that's sure to be heard loud and clear.

Sport silencers

Akrapović® titanium racing exhaust manifold

Available for:
G 450 X

- Made entirely of titanium
- Approx. 300 grams lighter than standard component
- Only available in conjunction with racing silencer
- Not homologated for use on public roads

Akrapović® titanium racing silencer

Available for:
G 450 X

- Made entirely of titanium, with a carbon end-cap
- Approx. 1.9 kilograms lighter than standard component
- For track use
- Not homologated for use on public roads, no catalytic coverter

Racing silencer

Available for:
G 650 Xmoto / G 650 Xcountry / G 650 Xchallenge

- Made entirely of titanium
- Approx. 2.3 kilograms lighter than standard component
- Conical carbon end-cap
- Laser-etched Akrapović® logo
- No catalytic converter
- Thermal insulation
- Not homologated for use on public roads

Titanium exhaust manifold for sport silencer

Available for:
G 650 Xmoto / G 650 Xcountry / G 650 Xchallenge

- Made of titanium
- Approx. 0.5 kilograms lighter than standard component
- May be fitted to both standard and sport silencers

Sport silencer

Available for:
F 650 GS (2-cylinder) / F 800 GS

- Slip-on silencer
- Carbon bracket
- Weight approx. 2.5 kilograms (approx. 2.3 kilograms less than standard component)
- Made of titanium and stainless steel
- Original BMW Motorrad Part warranty
- Easy to fit

BENEFITS:

The sport silencer is made entirely out of titanium, and as a result weighs 1.5 kilograms less than the standard component. The sound insert can be removed for track use.

AKRAPOVIĆ®
SPORT SILENCER

Available for:
K 1300 R / K 1300 S

- Made entirely of titanium, with a carbon end-cap and thermal insulation
- Approx. 1.5 kilograms lighter than standard component
- Sound insert can be removed for track use
- Homologated for use on public roads, includes catalytic converter

SPORT SILENCER

Available for:
G 650 Xmoto / G 650 Xcountry / G 650 Xchallenge

- Made entirely of titanium
- Approx. 1 kilogram lighter than standard component
- Carbon thermal insulation and trim for the fitting
- Titanium bracket
- Conical carbon end-cap
- Homologated for use on public roads, includes catalytic converter

BENEFITS:

Weighing approximately a kilogram less than the standard silencer, strikingly styled in high-tech materials and featuring a laser-etched Akrapović® logo, the sport silencer is the perfect addition to your G 650 X model. It can easily be fitted to either the standard or the titanium exhaust manifold, complies with ECE safety standards, includes a catalytic converter and is homologated for road use. It comes backed with the same comprehensive warranty as all Original BMW Motorrad Parts.

BENEFITS:

Perfectly tailored to the R 1200 S, this sport silencer was developed jointly with Akrapović to deliver the sort of aural and riding experience that will make any biker’s heart beat faster. The silencer and connecting pipe are made of titanium, for a fuller sound, while the carbon trim and bracket ensure it is as good to look at as it is to listen to. Weighing just 3.5 kilograms (2.5 kilograms less than the standard silencer), it has been approved for use in all EU countries and comes backed with the same comprehensive warranty as all Original BMW Motorrad Parts.

SPORT SILENCER

Sport silencer

Available for:
R 1200 GS / R 1200 GS Adventure

- Approx. 4 kilograms lighter than standard component
- Made entirely of titanium
- Bracket made of carbon
- Homologated for use on public roads EU-wide
- Laser-etched Akrapović® logo

Sport silencer

Available for:
R 1200 R / R 1200 RT / R 1200 ST

- Approx. 2.6/2.3 kilograms lighter than standard component (R 1200 ST/R 1200 R)
- Made entirely of titanium, dual-port design
- Homologated for use on public roads EU-wide
- Laser-etched Akrapović® logo

Sport silencer

Available for:
R 1200 S

- Approx. 2.5 kilograms lighter than standard component
- Bracket and trim made of carbon
- Silencer and connecting pipe made of titanium
- Sound insert can be removed for track use
- Homologated for use on public roads EU-wide

Sport silencer

Available for:
HP2 Enduro

- Titanium silencer and connecting pipe
- Carbon bracket
- Sound insert can be removed for track use
- Laser-etched Akrapović® logo

Sport silencer

Available for:
K 1200 R / K 1200 S

- Approx. 4 kilograms lighter than standard component
- Made of titanium/stainless steel (with catalytic converter)
- Sound insert can be removed for track use
- Laser-etched logo

Silencer

Available for:
F 800 R / F 800 S / F 800 ST

- F 800 R 1.7 kilograms; F 800 S/ST 2.3 kilograms lighter than standard component
- Made of titanium/stainless steel
- Carbon bracket
- Laser-etched Akrapović® logo
- Includes catalytic converter

BENEFITS:

Weighing just 2.2 kilograms (2.5 kilograms less than the standard silencer), strikingly styled in high-tech materials and featuring a laser-etched Akrapović® logo, the sport silencer was developed jointly with Akrapović to be the perfect addition to your HP2 Enduro. It is compatible with the standard exhaust manifold for ease of fitting, compliant with ECE safety standards, and supplied with the same comprehensive warranty as all Original BMW Motorrad Parts.

SPORT SILENCER

BMW Motorrad ergonomics and comfort accessories. **A journey into enjoyment.**

The best motorcycling experiences happen when man and machine are as one. And BMW Motorrad ergonomics and comfort accessories give riders the sensation that their motorcycles are an extension of themselves.

The range includes everything from seats to suit all shapes and sizes to comfort features like windshields and heating systems. All designed with the sole aim of making every journey a ride to remember.

Windshields

Sport windshield

Available for:
K 1200 R / K 1300 R

- Scratch-resistant coating
- Improved protection against wind
- Dark tint for cool looks

Sport windshield

Available for:
F 800 R

- Improved protection against wind
- Available in three paint colours: White Aluminium Matt Metallic, Alpine White and Fire Orange

Sport windshield

Available for:
R 1200 R

- Clear or tinted
- Width approx. 323 mm
- Height approx. 281 mm

Tinted windshield

Available for:
R 1200 ST

- Scratch-resistant coating

Tinted windshield

Available for:
R 1200 S

- Scratch-resistant coating

BENEFITS:

Despite its small size, this windshield noticeably reduces the extent to which the rider is affected by the airflow. It replaces the standard cockpit fairing, and emphasizes the bike's sporting credentials.

SPORT WINDSHIELD

SPORT WINDSHIELD

BENEFITS:

A scratch-resistant coating ensures riders can look good and see clearly, while its compact dimensions belie its ability to protect riders from turbulence, and perfectly complement the racy lines of the R 1200 R.

BENEFITS:

Emphasizes the motorcycle's sporty looks, and features a scratch-resistant coating.

SMALL WINDSHIELD

Available for:
F 800 GS

- Scratch-resistant coating
- Can be adjusted to the rider's ergonomic requirements

Touring windshield

Available for:
F 650 GS (2-cylinder) / F 800 GS

- Scratch-resistant coating
- Enhanced protection against wind and rain

Large clear windshield

Available for:
F 650 GS (2-cylinder)

- Scratch-resistant coating
- Can be adjusted to the rider's ergonomic requirements

Large tinted windshield

Available for:
F 650 GS (2-cylinder) / F 800 GS

- Scratch-resistant coating
- Can be adjusted to the rider's ergonomic requirements
- Emphasizes the motorcycle's sporty looks

High windshield

Available for:
R 1200 R

- Scratch-resistant coating
- Good aerodynamics
- Width approx. 386 mm, height approx. 351 mm

Large windshield

Available for:
K 1200 GT / K 1300 GT

- Scratch-resistant coating
- Good aerodynamics
- Adjustable via electric controls

Tinted windshield

Available for:
R 1200 GS

- Scratch-resistant coating

BENEFITS:

The high windshield makes motorway cruising an experience to savour even for taller riders. Despite its increased height, it fits seamlessly into the lines of the motorcycle.

HIGH WINDSHIELD

Available for:
K 1200 LT

- Infinitely adjustable via electric controls

Tinted windshield

Available for:
K 1200 GT / K 1300 GT

- Scratch-resistant coating
- Sporty looks
- Infinitely adjustable via electric controls

Tinted windshield

Available for:
K 1200 S / K 1300 S

- Scratch-resistant coating
- Cool looks

Tinted windshield

Available for:
R 1200 GS Adventure

- Scratch-resistant coating

Large windshield

Available for:
R 1150 RS

Large windshield

Available for:
R 850 R / R 1150 R

- Enhanced protection against wind and rain
- For a more comfortable riding experience

High clear windshield

Available for:
F 800 S

- Scratch-resistant coating
- Enhanced protection against wind and rain
- Good aerodynamics

Large windshield

Available for:
R 850 C / R 1200 C

- Fits into overall look of cruiser models
- Sporty looks

Large windshield

Available for:
R 1150 RT

- Improved wind protection, ideal for larger riders
- Two sizes available:
 - 50 mm height increase, same width
 - 50 mm height and width increases

Speedster windshield

Available for:
R 850 R / R 1150 R

- Enhanced protection against wind and rain
- Sporty looks

High tinted windshield

Available for:
F 800 S / F 800 ST

- Scratch-resistant coating
- Easy to install
- Enhanced aerodynamics
- Clear version also available for F 800 S only

Low tinted windshield

Available for:
F 800 S / F 800 ST

- Scratch-resistant coating
- Cool looks

High windshield

Available for:
F 650 GS (1-cylinder)

- Enhanced protection against wind and rain
- Designed for long-distance touring
- Fits seamlessly into design of bike

Seat and comfort accessories

Low seat for R Series models

Available for:
HP2 Enduro (895 mm)
R 1100 GS / R 1150 GS (30 mm lower)
R 1200 R (770 mm)
R 1200 RT adjustable (780–800 mm), black or grey
R 1200 ST adjustable (780–800 mm)
R 1200 GS (820 mm), black or grey

Low seat for F and G Series models

Available for:
F 650 GS (2-cylinder, 790 mm) / F 800 R (775 mm)
F 800 GS (850 mm) / F 800 S / F 800 ST (790 mm)
G 650 Xmoto (880 mm) / G 650 Xchallenge (910 mm)

Low seat

Available for:
G 450 X

BENEFITS:

To ensure maximum comfort and optimum ergonomics for riders of all shapes and sizes, the standard seat can be replaced with a high or low version.

HIGH SEAT

Available for:
F 650 GS (2-cylinder) / F 800 R

- Seat height F 650 GS (2-cylinder): 880 mm
- Seat height F 800 R: 825 mm

BENEFITS:

The pillion section of this continuous seat is significantly wider and more generously upholstered than on the standard seat (approx. 35 millimetres wider and 15 millimetres higher), meaning maximum comfort for your passenger. The rider section is unchanged.

PILLION COMFORT SEAT

Available for:
K 1300 R

- For riding with a companion
- Not compatible with HP carbon seat cover

BENEFITS:

Raising the seat by 40 millimetres makes for more relaxed off-road riding. The narrow shape emphasizes the bike's thoroughbred enduro looks and makes it easy for the feet to reach the ground despite the increased seat height.

RALLY SEAT

Available for:
F 650 GS (2-cylinder) / F 800 GS

- Seat height 920 mm, rider step length 1990 mm
- A two-tone seat with sporty looks, designed for off-road enthusiasts

Single seat with luggage grid

Available for:
F 650 GS (1-cylinder) / F 650 GS Dakar

- Increases luggage capacity
- Seat height F 650 GS (1-cylinder): 800 mm
- Seat height F 650 GS Dakar: 890 mm
- Lockable compartment

Rider comfort seat

Available for:
R 1100 RT / R 1150 RT

- Extra-thick cushioning
- Improves ergonomics, especially for shorter riders
- Black

Pillion comfort seat

Available for:
R 850 R / R 1150 R / R 1150 R Rockster

- Black artifical leather
- Increases comfort for pillion passengers

Heated pillion seat

Available for:
K 1200 LT

- A more comfortable riding experience, especially on long journeys and at low temperatures
- Softtouch upholstery, black or grey

Low seat for K Series models

- K 1200 R / K 1200 R Sport (790 mm)
- K 1300 R (790 mm)
- K 1200 S (790 mm)
- K 1300 S (790 mm)
- K 1200 GT / K 1300 GT adjustable (800–820 mm), black or grey

High seat for HP and R Series models

- HP2 Megamoto adjustable (880–910 mm)
- R 1200 R (830 mm, single-piece construction)

Railing for pillion comfort seat

Available for:
R 850 C / R 1200 C / R 1200 C Montauk

- A stylish finishing touch
- Gives pillion passengers a better grip
- Made of chrome-plated cast aluminium

Pillion foot pegs

Available for:
G 650 Xmoto / G 650 Xchallenge

- Foot pegs in cast aluminium
- Only in conjunction with grab handles or luggage grid

Pillion foot pegs

Available for:
HP2 Enduro / HP2 Megamoto

- Two folding foot pegs
- No need to amend registration documents
- Made of forged aluminium and stainless steel

Pillion passenger grab handles

Available for:
G 650 Xmoto / G 650 Xchallenge

- Made of steel tubing, painted black
- Not available in conjunction with luggage grid or push handle

Push handle

Available for:
G 650 Xchallenge

- Made of steel tubing, painted black
- Makes bike easier to manoeuvre with engine switched off

Heated grips

Available for:
All models except
HP2 Megamoto / G 650 Xmoto / G 650 Xcountry
G 650 Xchallenge

- Two settings

BENEFITS:

Made of forged aluminium and stainless steel, these pillion foot pegs allow the HP2 – a bike designed primarily for single-person use – to carry a passenger. There is no need to record the fitting of the foot pegs in the vehicle registration documents.

PILLION FOOT PEGS

PILLION PASSENGER GRAB HANDLES

BENEFITS:

Made from steel tubing and painted black, these grab handles give your passenger something to hold on to. They fit neatly into the design of the motorcycle without compromising its sporting credentials.

Centre stands

Centre stand

Available for:
K 1200 R / K 1300 R / K 1200 S / K 1300 S
K 1200 R Sport

- Ensures bike remains stable on loose surfaces
- Takes weight off rear wheel (e.g. for cleaning)
- Does not restrict tilt angle in normal cornering

Centre stand

Available for:
R 1200 R / R 1200 ST

- Ensures bike remains stable on loose surfaces
- Not available in conjunction with lowered suspension

Centre stand

Available for:
F 800 R / F 800 S / F 800 ST

- Ensures bike remains stable on loose surfaces
- Not available in conjunction with lowered suspension

BENEFITS:

Whether you're travelling on or off-road, if you want to make sure your motorcycle stays upright when it's parked, the centre stand is an essential option. It also makes it easier to carry out maintenance on the chain.

CENTRE STAND

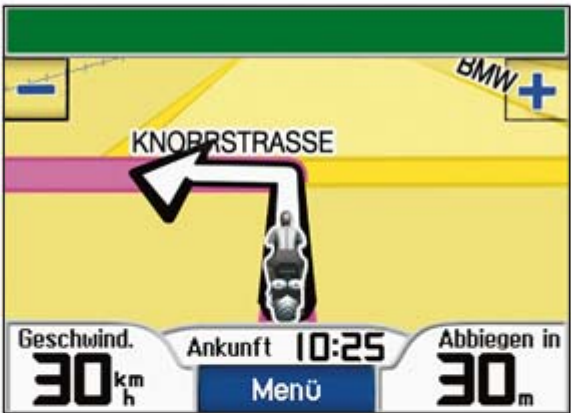

Available for:
F 650 GS (2-cylinder) / F 800 GS

BMW Motorrad navigation and entertainment systems.
Stay in touch, stay on course.

No matter how far your journey takes you, BMW Motorrad’s range of user-friendly navigation and entertainment systems mean you’re never out there on your own. Our devices take the fear out of the unknown and put the excitement into exploring, with satellite navigation using

voice instructions to guide you safely to your destination every time. What’s more, a radio or mobile phone link means you need never lose contact with civilization again – unless you want to, of course.

3D maps and clear voice prompts will guide you safely to your destination every time.

The non-reflective touchscreen is easy to use, even with gloves on.

What's included with the ZÜMO navigation system

- Mount cradle with audio output socket for voice prompts and the MP3 player (stereo), plus socket for connection of optional TMC receiver
- “MapSource City Navigation Europe NT” DVD, with unlocking code for Europe; map data preinstalled on the device
- 12-volt cable for connection to the on-board socket (for use on the bike)
- Carry pouch

Radio CD player

Available for:
R 1200 RT

ECE stereo radio cassette player

Available for:
R 1150 RT

- Scanning function
- Cassette player features auto reverse
- Remote control on handlebars
- Motorcycles can be factory fitted with stereo preparation

Remote control for ECE stereo radio cassette player

Available for:
R 1150 RT / R 1200 CL / K 1200 LT

BENEFITS:

Specifically designed to be used on a motorcycle, the BMW Motorrad ZÜMO navigation device boasts an impressive array of functions. The route planner lets you put together and edit itineraries on your computer at home. Routes, route points and tracks can be saved to an SD card and transferred directly to another BMW Motorrad ZÜMO. The Tracklog function can save details of the journeys you have actually ridden in incredible detail, with up to 10,000 route points per route. Power comes from a lithium-ion battery which gives up to four hours of use and can be recharged from the on-board electrics. The device is also splash-proof and shock-resistant.

BMW MOTORRAD ZÜMO NAVIGATION SYSTEM

Model-specific cradles for:
F 800 S / F 800 ST / F 650 GS / F 800 GS / R 1200 GS
R 1200 GS Adventure (2008 onwards) / R 1200 RT
K 1200 S / K 1200 GT / K 1300 R / K 1300 S / K 1300 GT
Not in conjunction with tankbag:
R 1200 R / R 1200 S / K 1200 R / K 1200 R Sport

RADIO CD PLAYER

BMW Motorrad safety accessories.
Now all you need to worry about is enjoying the ride.

If you're going to use the performance of your BMW Motorrad motorcycle to the full, then you need to be confident that you – and your bike – are as safe as possible. BMW Motorrad safety accessories are designed to give you this peace of mind: various protectors

minimize rider injuries in the event of an accident, powerful xenon headlights ensure you can see and be seen, and protection bars guard the bike's most vulnerable areas against the side-effects of over-zealous riding. Because more safety equals more riding pleasure.

CYLINDER PROTECTION (SMALL)

Available for:
R 1200 R / R 1200 S / R 1200 RT
R 1200 ST / R 1200 GS

BENEFITS:

Made from toughened fibreglass-reinforced plastic, the cylinder protection is primarily designed to safeguard the cylinder head in on-road use, protecting valve covers against scratches or breakage. It also complements the visual design of the boxer engine perfectly, and the result is a feast for the eyes.

Cylinder protection

Available for:
R 1150 GS

- Robust stainless steel tubing
- Provides extra protection even when riding off surfaced roads

Cylinder protection

Available for:
R 850 C / R 1200 C / R 1200 C Montauk

- Chrome-plated steel tubing

Cylinder protection (small)

Available for:
R 850 R / R 850 GS / R 1100 R / R 1200 S
R 1100 RS / R 1100 RT / R 1100 GS / R 1150 R
R 1150 RS / R 1150 RT / R 1150 GS

- Made of plastic

Engine protection bar

Available for:
F 650 GS (2-cylinder) / F 800 R / F 800 GS

- Robust stainless steel tubing
- Provides extra protection even when riding off surfaced roads

Engine protection bar

Available for:
R 1200 R

Engine protection bar

Available for:
R 1200 GS

- Made of electropolished stainless steel
- Enduro looks suit the bike
- Complements the standard bash plate
- Not available in conjunction with the aluminium cylinder head cover guard

Engine protection bar

Available for:
F 650 GS (1-cylinder) / F 650 GS Dakar

Engine protection bar

Available for:
R 1200 CL

Engine protection bar (small)

Available for:
G 650 Xmoto / G 650 Xcountry / G 650 Xchallenge

Headlight grille

Available for:
R 1150 GS Adventure

- Black painted steel
- For off-road use only

Fog light mounting kit

Available for:
R 1150 GS / R 1150 GS Adventure

- Compact dimensions
- Powerful illumination
- Mounted on front fairing

Auxiliary headlight

Available for:
R 1200 GS (2008 onwards) / R 1200 GS Adventure

- A powerful elliptical auxiliary headlight in a black plastic casing
- ECE and SAE-approved
- Can only be fitted and unlocked for use by a BMW Motorrad dealer

BENEFITS:

This polycarbonate disc protects the headlight glass against flying stones in off-road use. Use of the headlight guard is not legal on public roads. A snaplock system means it can easily be detached when not required.

HEADLIGHT GUARD

Available for:
F 650 GS (2-cylinder) / F800 GS
G 650 Xchallenge / R 1200 GS / R 1200 GS Adventure

- For off-road use only

Plastic engine spoiler

Available for:
F 800 R / F 800 S

- Not available in conjunction with the protection bar
- Enhances and personalizes looks of motorcycle

Plastic bash plate

Available for:
F 650 GS (2-cylinder)

- Protects against stone impacts
- Made of shatterproof plastic

Enduro aluminium bash plate

Available for:
F 650 GS (2-cylinder) / F 800 GS

- Excellent protection against stone impacts
- Suitable for competition use

Aluminium bash plate

Available for:
G 650 Xmoto / G 650 Xcountry

- Provides effective protection against stone impacts
- Suitable for use in competition riding

Crash pads

Available for:
G 650 Xmoto

- For front/rear axles and foot pegs
- Ideal for supermoto riding
- Made from highly abrasion-resistant plastic

Aluminium brake reservoir cover

Available for:
G 650 Xmoto / G 650 Xcountry / G 650 Xchallenge

- Laser-cut aluminium
- Protects coolant expansion tank and voltage regulator in off-road use

Enduro aluminium bash plate

Available for:
R 1200 GS / R 1200 GS Adventure

- Extremely sturdy construction
- Specially designed for off-road use

Aluminium bash plate

Available for:
G 450 X

- Extremely sturdy construction
- Suitable for off-road competition use

Plastic bash plate

Available for:
G 650 Xmoto

- Provides protection in light off-road use
- Made of shatterproof plastic

Aluminium chain guard

Available for:
G 650 Xmoto / G 650 Xcountry / G 650 Xchallenge

- More durable than the standard chain guard
- Improved protection

Aluminium sprocket cover

Available for:
G 650 Xmoto / G 650 Xcountry / G 650 Xchallenge

- Laser-cut
- Enhanced protection in off-road riding

Aluminium frame guard

Available for:
G 650 Xmoto / G 650 Xcountry / G 650 Xchallenge

- Protects brake cylinder
- Prevents abrasion to the frame and the underside of the fuel tank

Stainless steel frame guard

Available for:
R 1200 GS / R 1200 GS Adventure

- Made of laser-cut stainless steel
- Protects frame against scratching with minimal extra weight
- Only available where ABS is fitted

Aluminium cylinder head cover guard

Available for:
R 1200 GS

- Protects valve covers against damage
- Not available in conjunction with engine protection bar

Cylinder head cover repair kit

Available for:
HP2 Enduro / HP2 Megamoto / R 1200 R / R 1200 S
R 1200 RT / R 1200 ST / R 1200 GS / R 1200 GS Adventure

- Allows riders to continue their journey with a damaged valve cover
- Oil-resistant and weatherproof rubber

Handlebar cross-brace padding

Available for:
R 1200 GS / R 1200 GS Adventure

Handlebar cross-brace

Available for:
R 1200 GS / R 1200 GS Adventure

- Improves controllability off-road

Hand protectors

Available for:
F 650 GS (1-cylinder) / F 650 GS Dakar

- Aerodynamic shape
- Made of shatterproof plastic

Handlebar padding

Available for:
HP2 Enduro / HP2 Megamoto
G 650 Xmoto / G 650 Xcountry / G 650 Xchallenge

- Covers both handlebar stems
- Width 21 cm

Handlebar padding

Available for:
F 650 GS (1-cylinder)

Handlebar padding

Available for:
R 1150 GS / R 1200 GS Adventure

MX hand protectors

Available for:
G 450 X

- Made of shatterproof plastic
- Effective protection for hands and controls when riding off-road

Aluminium hand protectors

Available for:
G 450 X

- For off-road use
- Effective protection for hands, control and levers

Small spoilers for aluminium hand protectors

Available for:
G 450 X

- Screws onto aluminium hand protector

Hand protectors

- Available for:
R 1200 GS
- Offer protection in off-road riding and shield against wind and rain

Hand guards

- Available for:
G 650 Xmoto / G 650 Xcountry (up to Mar 2008)
G 650 Xchallenge
- Closed loops made of high-strength stainless steel

Small hand guards

- Available for:
G 650 Xmoto / G 650 Xcountry (up to Mar 2008)
G 650 Xchallenge
- Protection for hands and controls when riding off-road

Small hand protectors

- Available for:
F 650 GS (2-cylinder) / F 800 GS
- Protection for hands and controls when riding off-road

Large hand protectors

- Available for:
F 650 GS (2-cylinder) / F 800 GS
- Effective protection for hands and controls when riding off-road
 - Also protects against the elements, especially in conjunction with the spoiler attachments

Spoiler attachments for large hand protectors

- Available for:
F 650 GS (2-cylinder) / F 800 GS
- Protection for hands and controls when riding off-road
 - Also protects against the elements

Large hand protectors

- Available for:
G 650 Xmoto / G 650 Xcountry (up to Mar 2008)
G 650 Xchallenge
- Mounted on hand guards
 - Made of lightweight polyamide plastic

Spoiler attachments for large hand protectors

- Available for:
G 650 Xmoto / G 650 Xcountry (up to Mar 2008)
G 650 Xchallenge
- Protection for hands and controls when riding off-road
 - Effective protection against wind and rain

BENEFITS:

The tough, closed-loop aluminium guards provide a mounting point for the hand protectors. Three configurations are possible: small, large and large with spoiler. Quickly fitted, these protectors ensure your hands are safe when riding in rough terrain.

HAND GUARDS

- Available for:
F 650 GS (2-cylinder) / F 800 GS
- Closed loop of aluminium tubing
 - Mounting point for hand protectors
 - Three configurations possible

BMW Motorrad maintenance and technical accessories. Get the most out of your motorcycle.

If you're passionate about riding, chances are you're also passionate about looking after your machine, keeping it in perfect condition and carrying out minor repairs yourself. If so, BMW Motorrad maintenance and technical accessories are perfect

for you. With everything from engine oils and cleaning products to on-board tools and paddock stands, the range includes all you need to care for your motorcycle in the garage, and ensure it delivers maximum performance – and enjoyment – on the road.

BENEFITS:

Available on a wide variety of BMW Motorrad models, the anti-theft alarm system offers maximum protection. Once unlocked by your BMW Motorrad dealer, it responds to any attempt to move or pick up the motorcycle by sounding an alarm and flashing the lights. Riders can choose whether the system is activated automatically when they switch off the ignition, or via remote control, and it is deactivated in the same way when the rider returns to the bike.

ANTI-THEFT ALARM SYSTEM WITH REMOTE CONTROL

Available for:
All models (Dec 2002 onwards) except
G 650 models, G 450 X and HP2 Sport

- Alarm sounds and visual warning is activated if the motorcycle is moved
- Can be disarmed by key or remotely
- Every unit sold has its own unique arming code

PADDOCK STAND

Available for:
HP2 Sport / HP2 Enduro / HP2 Megamoto
F 800 S / F 800 ST / R 1200 R / R 1200 S
R 1200 RT / R 1200 ST / R 1200 GS
R 1200 GS Adventure / K 1200 R
K 1200 S / K 1200 R Sport / K 1200 GT
K 1300 R / K 1300 S / K 1300 GT

BENEFITS:

With its rugged, welded square-tube construction, the paddock stand is ideal when you need to carry out maintenance tasks on loose ground. Using a model-specific adaptor, the cross-bar of the stand is inserted into the hollow rear axle, and a lever then enables the rear wheel to be lifted off the ground while the bike remains stable. It's as easy as that.

Motorcycle cover

Available for:
All models

Tyre bolt

Available for:
HP2 Enduro

- Fastens tyre to wheel rim
- Recommended when riding with low tyre pressure

On-board tool kit

Available for:
All models

- Everything you need to maintain and care for your motorcycle
- Snap-lock fastening system
- Small, lightweight and versatile
- With space for an additional tool
- Can be augmented with model-specific parts

Paddock stand adaptor

Available for:
HP2 Sport / HP2 Enduro / HP2 Megamoto
F 800 S / F 800 ST / R 1200 R / R 1200 S
R 1200 RT / R 1200 ST / R 1200 GS
R 1200 GS Adventure / K 1200 R
K 1200 S / K 1200 R Sport / K 1200 GT
K 1300 R / K 1300 S / K 1300 GT

Maintenance and technical accessories

230-volt battery charger

Available for:
All models

- Charges the battery when the motorcycle has not been ridden for an extended period of time
- Plugs in to the on-board socket
- Adaptor for direct connection to battery available

Mini foot pump

Available for:
All models

- With digital manometer
- Highly versatile – can be used to increase air pressure in Air Damping System, check and correct tyre pressures, pump up inflatable mattresses, footballs etc.

LED light for on-board socket

Available for:
All models

- Ideal for working and reading by
- Flexible arm
- Low electricity consumption

Safety screw for oil filler cap

Available for:
R 1200 R / R 1200 S / R 1200 RT / R 1200 ST
R 1200 GS / R 1200 GS Adventure / HP2 Enduro
HP2 Megamoto / HP2 Sport

- Made of milled aluminium
- Supplied with a special Allen key

Large first-aid kit

Available for:
All models

- Contents complies with DIN standard for motorcycle first-aid kits
- Waterproof case
- Dimensions: 17 cm x 12 cm x 6 cm

Small first-aid kit

Available for:
All models

- A handy basic first-aid kit
- Dimensions: 15 cm x 9.5 cm x 3 cm
- Complies with DIN standard
- Waterproof

Repair manuals

Available for:
All models

- DVD-ROM
- A comprehensive guide to maintaining and repairing your motorcycle

Hydraulic oil

Available for:
All models with telescopic forks

- Ensures optimum damping
- Synthetic oil with high-performance additives
- Available in 1-litre and 5-litre sizes

Motorcycle cleaner

Available for:
All models

- 500-millilitre spray container
- Mild formulation protects paintwork

Puncture repair kit for tubular tyres

Available for:
Motorcycles with tubular tyres

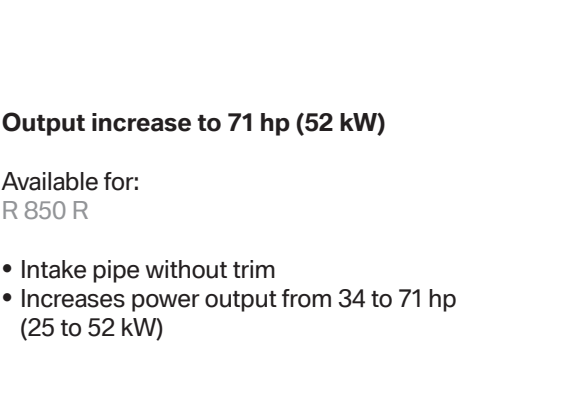

- With glue, patches in various sizes, sandpaper and valve discs

Puncture repair kit for tubeless tyres

Available for:
Motorcycles with tubular tyres

- Plugs
- Awl
- Knife with interchangeable blades
- Glue, air canisters, adaptor

Output increase to 71 hp (52 kW)

Available for:
R 850 R

- Intake pipe without trim
- Increases power output from 34 to 71 hp (25 to 52 kW)

Output reduction to 34 hp (25 kW)

Available for:
F 650 GS (2-cylinder) / F 800 R / F 800 GS / F 800 S
F 800 ST / R 850 R / G 650 Xmoto / G 650 Xcountry
G 650 Xchallenge

- G 650 Xmoto and F 650 GS (1-cylinder): throttle cable limiter
- F 650 GS (2-cylinder): modified throttle valve assembly
- F 800 S/ST: throttle cable limiter and retaining spring
